Literary Illumination
The evolution of artificial light in
nineteenth-century literature

Richard Leahy
September 2018

9781786832689 | £85 | HB

An investigation into the connections between illumination and literature; exploring the spaces between light and dark symbolism through an analysis of artificial light.

Scientific Americans
The making of popular science
and evolution in early-twentieth-
century U.S. literature and culture

John Bruni
March 2014

9781783160174 | £75 | HB

This book challenges readings of evolution as 'social Darwinism' by considering the perspectives of science, North American naturalist literature, and popular journalism.
